TIRA
THE LEADING MOBILITY SPECIALISTS OF THE WORLD

Why Work With TIRA?

Your connection to a trusted, global relocation supply chain.

SUPPORT WORLDWIDE. LOCAL EXPERTISE.

Global Reach. Local Expertise.

Founded in 1982,TIRA combines global reach with trusted local expertise to deliver high-performance relocation and mobility solutions that strengthen business continuity, employee confidence, and global workforce agility.

What TIRA Represents

TIRA is a global alliance of relocation and mobility service providers with proven experience, local accountability, and a shared commitment to service quality. The network connects trusted partners who support mobile employees and families across markets and a shared commitment to service excellence and alignment.

Why the Network Matters

Global mobility requires more than a vendor list. Companies need a coordinated ecosystem of responsive local experts who understand destination services, settling-in needs, immigration-adjacent support, cultural expectations, market realities, and client service standards.

The TIRA Advantage

- Independently owned companies with direct owner involvement
- Local solutions for global relocation challenges
- Established relationships across regions
- Knowledge sharing, collaboration, and peer accountability
- Practical support for multinational mobility programs
- Successful talent deployment

Integrated Mobility Solutions

- Expatriate Management
- Immigration Coordination
- Workforce Mobility Data and Strategy
- Compensation and Benefits Consulting
- Destination Services
- Cross-cultural Training
- Temporary Housing

FAMILY RELOCATION SUPPORT

Personalized assistance to help employees and families settle in and thrive in their new home.

PET RELOCATION SUPPORT

Safe, stress-free pet relocation solutions that provide peace of mind every step of the way.

DATA SERVICES

Actionable data and insights that drive smarter mobility decisions and program performance.

LANGUAGE SERVICES

Language solutions that break barriers and support successful global transitions.
